

The Fletcher-Terry Company, LLC

## New V-Groove Cutting Tool for use with Fletcher's FSC Substrate Cutter

-  **Adjustable cutting from 1 to 5mm - No need for multiple cutting tools dedicated to fixed depths of cut**
-  **Fine adjustment increments for precise depth control**
-  **Thumbscrew depth control feature**
-  **Tool Holder purchase includes one blade plus required wrenches**
-  **Replacement blades sold (2) per package**
-  **Cutting blade provides 500 feet of minimum cutting**
-  **Adaptable to new and existing FSC Substrate Cutter and adds to its (6) interchangeable cutting head offering**
